

Good Afternoon,

I wanted to recap to any individuals who did not attend the University Students' Council to know the resources that SGA offers.

The Bill Process:

- This is different than your SABC budget. Useful for reimbursing items such as t-shirts, tabling items, and more.
 - Although we request that any items that you request SGA to refund you for be open/available to the student body, we encourage you to reach out to your designated Senator and go through the Bill process.

The Resolution Process:

- This is useful for us to formally present any issues that your organization or the student body has, to the administration.
- Every Senator is a member of several committees, and you are encouraged to contact the chair of any committee that best aligns with any problems/suggestions related to you or your organization.
 - [See our different committees and their chairs here](#)

Student Travel Fund:

- Useful for reimbursing any educational-related travel expenses
- Any questions here can be emailed to our Treasurer, Serena Myrvold, at serena.semere@bobcats.gcsu.edu.

Student Engagement Office:

- Located next to the Donahoo Lounge, underneath the Max
- Offers free printing and office supplies for your organization

SGA Offices:

- Located on the 3rd floor of the Magnolia Ballroom / Student Activities Center building
- Offers free scantrons and printing

[Here is the link](#) to the presentation this past Tuesday. Please let me know if you have any questions about anything and I'm happy to clarify.

Also, if you are interested in being a part of SGA, we have several opportunities available at the moment:

Open Cabinet positions below offer a chance to work directly with the administration on specific projects related to your interests:

Director of Governmental Affairs: The Director of Governmental Affairs would work hand in hand with President Hawkins as a liaison between SGA and local and state government officials.

Director of LGBTQ Affairs: The Director of LGBTQ Affairs would serve the interests of our LGBTQ students on campus. We feel it is important to have this position filled especially because of the rise of harassment against LGBTQ students. Working to create a safe environment on campus for LGBTQ students could be a primary objective of the director.

Director of Student Employment: The Director of Student Employment acts as SGA's connection to the student employees at GCSU. One possible objective for the position would be working with the administration to secure a higher wage for our student employees. There are other benefits that the director could try to achieve such as getting student employees priority registration.

These descriptions provide a general idea about what duties would be expected if receiving the position. Of course, it is up to the director of each respective position to decide what projects are worked on. Contact me or our Chief of Staff, Liam Landry, if you are interested in any of these roles in Cabinet.

We also have several open seats in the Senate, which gives you the opportunity to work with RSOs, be a part of [committees](#), and work with the administration on solving campus issues. Email me or our president, Axel Hawkins, if you are interested.

Thank you and have a great afternoon,

Will Wright
