

Good Afternoon Will,

I wanted to congratulate you on being elected into Senate this year. We are fortunate to have you with us and look forward to working with you. I want to share some resources with you that I shared with some Senators at the beginning of the year:

SGA 101- attached in email (by Secretary Middlebrooks)

[Link to SGA GroupMe \(link\)](#)

- (let me know if this doesn't work)

[RSO Assignments \(link\)](#)

- don't worry about these until next Semester, since Senator Harbin is graduating, you will most likely be receiving his RSOs. There's also a form embedded for any change requests if you are interested in swapping out an RSO with someone else.
- This also contains a list of possible projects that I would like to help Senators introduce over the course of this year

Visit the SGA Website and view our **constitution** and **bylaws** (I highly recommend you do this, this outlines your duties as Senator along with the overall functions of SGA) Secretary Middlebrooks also has a running archive of all of the documents associated with legislations we have carried out since 2015, it's really neat! [SGA ONEDRIVE ARCHIVE](#).

Although Vice President Kelly was not in Senate, I would encourage you to reach out to her and mention 1 or 2 committees you would be interested in joining this or next semester:

- [Current Committee Assignments \(link\)](#)
- [List of All Committee Descriptions \(link to SGA website- committees\)](#)

We are currently working on getting SGA shirts for new Senators, if you could tell Secretary Middlebrooks your shirt size.

Also, for reference, here is Exec's office hours:
[attach office hours image from chief of staff]

Congratulations again, and have a great rest of your day.

William Wright
