Hey Mark,

Good to hear from you, for starting an RSO you will need several things:

- List of at least 7 names of interested members and their emails sent to Kristy Johnson
- Constitution, I've attached a template and some similar sports-related RSO constitutions
- Faculty advisor

Once you've completed a version of a constitution you are happy with, send it me and SGA's committee will review it for approval. Once we've sent it over to Kristy, you can then fill out the New RSO form and send over the advisor form to a faculty member.

Let me know if you have any questions.

Thanks,

William Wright

Subject: Club Basketball Team Starting

Hello,

I hope you're doing well. My name is Mark Daly, and I'm a student at Georgia College & State University. I'm interested in starting a Club Basketball Team on campus and would appreciate any guidance or support SGA can provide.

Could you please let me know what steps are required to start a new student organization, and what resources might be available to help get this started?

Thank you for your time and support—I look forward to hearing from you.

Mark Daly
